Parking and transport to the Lipno Treetop Walkway

Free parking for cars and buses is available at the chairlift's bottom station. You can reach the Lipno Treetop Walkway by our chairlift (except winter season) or you can use the services of our Walkway Bus. All departure points are located at the central car park in Lipno nad Vltavou.

Important Information

- Tickets for the Lipno Treetop Walkway, the chairlift and the Walkway bus can be purchased at the cash desk at the central car park (except winter season) or directly at the Walkway cash desk.
- Dogs are not allowed to the Treetop Walkway, neither on a leash, nor carried in special bags. However pets can wait at the entry in specially designed compartments where our visitors can leave them safely while enjoying their visit.
- Ticket sales and entrance to the area end one hour before the end of opening hours.
- In case of bad weather (storm, hail, windstorm, frost) the path will be closed.
- Children under 12 years must be accompanied by an adult.
- The toboggan run is recommended for children from 6 years of age. Visitors ride on a specially designed mat. Only one person can ride at a time.
- In case of bad weather the toboggan will be closed.

Experience from a different perspective

Barrier-free treetop walk with a breathtaking view past the Lipno area

www.stezkakorunamistromu.cz

The first treetop path in the Czech Republic offers visitors a unique mixture of adventure. On the 675-metre long path, with its 40-metre high observation tower, you may enjoy not only an amazing view, but also numerous adventurous experiences. All these attractions and much more make the path an ideal destination for active visitors, families and seniors.

Adrenalin adventure stops

Throughout the total length of 675 meters you are welcome to try an utterly unusual but safe experience on 11 “adrenalin” stops situated along the barrier-free path. A special highlight is for sure the run on the longest dry toboggan in the Czech Republic with a length of 52 meters situated in the centre of the tower.

Path

The wooden construction of the path is gently incorporated into the treetops of the mixed forest. The whole length of the path is barrier-free and adjusted not only for prams and pushchairs but also for people in wheelchairs and thus accessible to the largest possible range of visitors.

The Observation Tower

The treetop walkway ends with a 40-metre high observation tower which is the real top point of the path. The tower top provides a breathtaking view of almost the whole area of Lipno, the surrounding Šumava mountains, Novohradské mountains and the Alps.

Tip for Everyone:
One of the longest dry toboggans in the Czech Republic (52 m)
